

Color Touchscreen Interface

Honeywell

A blend of head-turning style and sophisticated technology, there's never been a keypad quite like Symphony. By simply following the graphics on the bright, full color touchscreen display, you can conduct a variety of everyday tasks with unprecedented ease.

- Arm and disarm your security system
- Easy fingertip control of indoor and outdoor household lighting, garage doors, sprinkler systems and select appliances
- Bypass zones and control lights and appliances
- Set up a customized homepage and receive valuable Internet Information, including the latest sports scores, news, daily horoscopes and e-mail notification
- Control all system functions—including security system operation and lighting—remotely from any Web browser
- Compatible with Honeywell's Optiflex Video Controller, which lets you view cameras around your home or on your computer anywhere over the Internet

For the ultimate in convenience and control, count on the Symphony Touchscreen Interface. Its intelligent design lets you add real security to your home and enjoy lifestyle-enhancing benefits you won't find anywhere else. No other product can touch it!

Remote control from a Web browser requires an always-on Internet connection (i.e. cable modem, DSL, etc.) Symphony is compatible with most e-mail services. Internet content subject to change without notice.
